For example, persons may have attended college but not completed a degree; in this case, code 40 should be marked. For persons who have completed elementary, junior high, or high school as the highest level of education, determine the highest grade or year completed. Do not assume "junior high" falls in the 7th or 8th grade category. Some junior highs begin with the 6th grade and some end with the 10th grade.

Adolescent Self-Administered Questionnaire

**SPD-21008
Adolescent Self-Administered Questionnaire
Survey of Program Dynamics**

Paper Document

Hello. This is (name) from the U.S. Bureau of the Census. Your family recently participated in the Survey of Program Dynamics. To complete the survey, I need to speak with _____ (and _____). Is he/she available now?

As part of the Survey of Program Dynamics, we are asking questions of adolescents 12-17 years old. Your parent or guardian participated in a different part of the study. The questions asked of you will be about household chores, school work, your relationship with your parents, dating, and other similar issues. Your participation is voluntary; however, it is very important that we interview as many young people as possible. This is not a test and there are no right or wrong answers. I left an answer booklet at your home when I visited. If you would like to go get it, I'll be happy to wait.

Take your time and please be sure to answer each question based on what you really think.

We are conducting this survey under the authority of Title 13, United States Code, Section 182. Section 9 of this law requires us to keep all information about you and your household strictly confidential. We may use this information only for statistical purposes.

I will read a question followed by a series of answer choices. For each question, tell me which answer choice best applies to you.

The first questions are about family routines.
